

CA Clarity™ Grants Manager

CA Clarity Grants Manager manages the full lifecycle of all your grants, including automated 'roll-up' reporting to help meet government mandates for transparency and accountability. Available either on premise or On Demand through a Software as a Service (SaaS) delivery model, it helps you research and compare available grants, select the right funding opportunities, streamline the applications process, and manage awarded funds to track performance objectives.

Business Value

CA Clarity Grants Manager helps you quickly begin managing the selection, acquisition, and performance tracking of all your grants. The solution uses proven best practices to empower grant stakeholders, including: stimulus czars, grants reviewers and coordinators, grants developers, program managers and finance officers—helping everyone combine their input for optimal results.

Solution Overview

CA Clarity Grants Manager helps organizations to manage the entire grants lifecycle, from research to reporting.

- Compile and prioritize grants opportunities based on merits, eligibility, and goals
- Track resources, tasks, and milestones to meet grant application deadlines
- View contributions and consumption of all funding sources, rounds and agreements
- Measure progress against grant objectives with full transparency

CA Advantage

When it comes to deploying management software, no other organization can provide CA's depth of expertise, breadth of services, and delivery options. CA Clarity Grants Manager is available either on premise or On Demand, with CA Services and Education offerings to ensure you get up and running quickly, and are productive in the application. With the On Demand (SaaS) option, there is no software or hardware to purchase, and CA handles the duties of data backup and recovery, software patches and updates, so you can concentrate on your core activities.

What's New, What's Compelling

CA Clarity Grants Manager offers:

- Increased transparency and accountability to meet government requirements, including ARRA
- Reduced risk of wasted grant dollars by tracking consumption of funds
- Higher value to the public by aligning grants to organizational and ARRA goals

Features

CA Clarity Grants Manager offers rapid and cost-effective roll-out, dedicated Services and Education offerings from CA, and an easy-to-use interface, ensuring that your team can quickly start managing grants.

- Prioritize and select the right funding opportunities
- Perform “What if” analysis to compare different grants strategies
- Streamline the grants application process
- Track performance and financials for all your grants
- Generate Section 1512 and Federal Financial Report (FFR SF-425) XML reports to fulfill ARRA and non-ARRA reporting requirements
